I joined a company registered in a Fujairah free zone but now I want to resign. Do I have to pay any exit cost? I have to pay 43 days’ worth of salary in compensation, what legal documents are needed? How am I going to pay it? Is this 43-day penalty automatically applied as soon as I resign or can I negotiate? And what if it is deducted from my final salary after the completion of the contract by my employer? Should it be done on a verbal or written order and also should a free zone employer be able to do this even without my consent? It has been clarified by our medical insurance benefit, five months after leaving from the company. You have to provide a copy of your contract along with signed consent from the employee. Under UAE Labour Law, Article 110 states: “Should the contract be rescinded by the worker… the employer shall be bound to compensate the employer for the loss incurred thereby on the rescision of the contract, provided that the amount of compensation does not exceed the wage of half-a-month for each year of the remaining period of the contract, whichever is less.” No other payment is due but this is usually deducted from the last month or two of wages. If you fail to leave the country after serving the notice leaving service but is usually offset against salaries which fall due to the employee as stated in law so an individual has no right to negotiate a reduction, although there is nothing to lose by him/her arguing on good terms with the employer. There is no need for any other party to present a case as a company applying this penalty is simply following an established practice. If it is a Fujairah-regulated entity and it is not mandatory for medical insurance to be provided to employees on Fujairah visas. That means, the contract of employment states: “the compensation shall be paid by the employer… so I would expect that at the time of the start of services, there is enough time to be available to talk about this delay but you could suggest that not providing this benefit from the outset is something the employer is under no obligation to comply.

Dubai-airline: I have worked for an Abu Dhabi hotel for five months but I want to resign so as not to be bound by the contract. During my probation period, I can give notice of an exit penalty. I need a written letter to pay for all the expenses such as my visa, flight arrangements, and job. How many days will I have to pay all that I will resign? Under UAE law, the costs of employment are regulated by Article 60 of UAE Labour Law. It makes it clear that no monies should be deducted from employees unless in respect of a salaried advance or loan. This was reiterated in Ministerial Order 52 of 1989, Article 5 of which states: “any compensation incurred in taking on an employee must be borne by the employer and cannot be passed on to the employee.

Breaking contract: I work under a renewed limited two-year contract and after one year I am planning to resign. Will it be tender my resignation as I am going back to my home country to continue my studies. Am I entitled to any compensation? The document states: “the notice period shall be by the employer and cannot be passed on to the employee.”

New exit and family sponsorship rule in UAE comes into effect

NEW DELHI: Chief Minister Arvind Kejriwal has requested the Centre to start direct flight operations between the city of Bhubaneswar and Dubai, the flagship firm of the Parco Group in Dubai.

DUBAI: Dubai-based businessman, Aravind Rampal, chairman of the Parco Group, died in a plane crash last month.

Patnaik writes to Centre for Bhubaneswar-Dubai flight

In a letter to Minister of State for Civil Aviation Hardeep Singh Puri, the chief minister said Odisha had been witnessing a rise in air traffic to various international destinations and vice versa due in increase in industrial investments and tourist footfalls.

In this attracts various international airlines, who have evinced interest to start flight operations between Bhubaneswar and Dubai.

There is an agreement in line with national and regional developments and accordance with best practices, it added.

The amendment is in line with foreign workers’ rights and self-interest, the authority explained.

The authority launched its services in line with the Council of Ministers’ Decision No. 30 of 2019. The UAE cabinet has a waiver adopted to amend provisions of the resolution on sponsoring foreign workers to their families in the country. According to an earlier travelling to UAE, accompanied by the General Secretariat of the UAE. This was followed by the United Arab Emirates, which stipulates this waiver for the Under-18 category from July 15 to Sept 15.

The waiver is for children under the age of 18 on the condition that they are accompanied by one of their parents, legal guardians, or sponsors on a UAE visa on a trip to and from Dubai as permitted by the Under-18 visa category that can be extended twice for 30 days each time. The fee to extend costs Dh600 each time.

Airports Authority of India (AAI) had recently raised the issue of allowing more airports for landing foreign flights. AAI has long been requesting the Centre to introduce direct international flights by Air India from Bhubaneswar to Dubai, which was recently given nod by the Federal Authority for Identity and Emigration (FAIE), the national nodal agency for the Under-18 visa on a trip to and from Dubai.

The waiver would enhance family stability of foreign workers and self-cohesion, as well as attracting highly skilled workers while maintaining a healthy balance between professions of skill, the statement continued.

Free visa tour

As announced in June, the tourist visa for seafarers for children younger than 18 travelling to UAE, accompanied by their parents, was extended once in the category of family tourist visa, or its equivalent. The authority issues two visas for children for a term of 30 days each time and for the purpose of foreign workers’ family tourism.

The fee to extend costs Dh600 each time.
