LONDON: All four Peninsula-based Labour party MPs—Varinder Sharma, Toremanj Singh Dhali, Prest Gil and Sumeet Mallotra—and 282 other Labour MPs have decided to oppose the move to scrap the UK government’s white paper on its post-Brexit immigration strategy.

The government’s White Paper on its proposed post-Brexit immigration strategy tabled in the House of Commons was being “widely hated” as beneficial for Indian students and professionals, it has advocated removal of all visa fees.

The sale of Amsterdam, London and Paris flights operated by the airline is 66 domestic and 30pc. “Guests booked for the 66 domestic and Jan 8, 2019 respectively travel on the airline’s domestic economy from ‘telling’, said James Rowe, chief economist at S&P Global Financial, one of the airline’s economic analysts.

The reforms that Saudi Arabia announced for its Vision 2030 agenda will create new opportunities for off oil income, create jobs for Saudi nationals, generate 2.3 million jobs and revitalise the private sector. The government introduced five per cent VAT this year, which was offset by the introduction of a new petroleum tax.

SINGAPORE: Flat-owners in Singapore will be allowed to rent out their flats or bed-rooms to non-Singaporean private sector housing ownership or tenancy for a period of up to one year. The measure is part of the Government's comprehensive package to support Singapore's economy amid the ongoing global economic uncertainty. The package was announced on October 1 by Finance Minister Heng Swee Keat during the 2020 Budget Statement.

The package includes a series of measures to help businesses, workers, and families navigate the challenging economic environment. Some of the key measures are:

- A $10 billion Jobs Support Scheme to provide financial support to businesses and workers affected by the pandemic.
- A $4 billion package to support Singaporeans and small businesses, including a $1 billion wage credit scheme.
- An additional $5 billion from the Central Treasury to help fund the ongoing pandemic response and recovery.
- A $2 billion package to help the elderly, including a doubling of the Senior Housing Credit Scheme for those who need to move to a larger or better flat.
- A $1 billion package to support the arts and culture sector.

The Government has also announced a suite of measures to support the real estate sector, including a temporary cap on rental increases for existing contracts and a new allowance for landlords to cover up to 30% of their rental expenses.

The measures are expected to benefit Singaporeans and small businesses by providing financial support, access to loans, and other assistance to help them weather the pandemic and recovery.

Kim Kardashian has filed for divorce from her husband Kanye West, who is the current US President-elect. West has denied the report and has said that they will work together to co-parent their three children. Kardashian has filed for divorce citing irreconcilable differences.

The decision to file for divorce comes after West faced criticism for his controversial comments and behavior over the past few years. Kardashian and West were married in 2014 and have three children together.

The couple is currently worth an estimated $1.4 billion, with West's fortune estimated at $1.2 billion and Kardashian's at $500 million. The couple has a prenuptial agreement, which will determine the division of assets and spousal support.

The divorce is expected to be a highly publicized and possibly lengthy process, with both parties likely to have representatives to negotiate and protect their interests.

Kim Kardashian West, 41, filed for divorce from Kanye West, 44, on Monday in Los Angeles Superior Court, according to documents obtained by People. The filing, which was confirmed by a source close to Kardashian, did not specify the reason for the split. A representative for Kardashian did not immediately respond to a request for comment.

Kardashian and West were married in 2014 and share three children together: Saint, 3; Chicago, 1; and Psalm, 2. They announced they were expecting their fourth child together in February, with West revealing the baby's name as True via Instagram.

In a statement, Kardashian said: "I am truly grateful for you all and I ask for your continued love and support as I navigate this."

The couple has been under pressure in recent months due to West's political and social media activities, which have been widely criticized. West has been involved in controversial statements and actions, including supporting President Donald Trump and making comments about race and gender.

The couple's assets are estimated at over $1 billion, with West's net worth at around $1.2 billion and Kardashian's estimated at $500 million. They have a prenuptial agreement that would likely dictate how their assets will be divided in the divorce.

The couple has been married for six years and have three children together. They announced in February that they were expecting their fourth child together.

Sittingbourne is a market town in the Medway district of Kent in southeastern England. It was granted town status in 1955. The town is known for its annual pageant, which takes place on the Monday after Whitsun, and is one of the largest such events in the UK. It is also home to Sittingbourne Country Park, which includes a lake, nature reserve, and recreation area.

Sittingbourne has a long history, with evidence of settlement dating back to the Bronze Age. The town was granted a charter by King John in 1205, making it one of the oldest in England. It was a major administration centre and a market town, with many notable buildings and landmarks.

The town is home to a variety of businesses, with agriculture, engineering, and construction being the main industries. Sittingbourne railway station is served by South Eastern trains, with journey times of around 50 minutes to London Victoria. The town is home to a number of schools, including Sittingbourne High School and Sittingbourne Community College.

The town has a rich cultural life, with a number of events and festivals taking place throughout the year. These include the annual pageant, the civic processions, and a number of musical and theatrical performances.

Pregnant women at higher risk of flu complications

Moha vagt approvals formation of Moha Bahasa universitas

The Maharashtra government has approved the formation of a new public university named after renowned nuclear physicist Homi Jehangir Bhabha, a husband of the former prime minister of India. The new university, the Bhabha University, will be established in the town of Vadodara, according to the cabinet.

According to a study, pregnant women have a higher risk of complications from flu. The findings, published in the journal Clinical Infectious Diseases, also stated that even extremely obese patients or those with high blood pressure are at risk of contracting influenza.

The guidelines released by the Infectious Disease Society of America recommend using newer and more accurately molecular tests that deliver results in 14–16 minutes instead of rapid-influenza-diagnostic tests (RIDs), which provide inaccurate results.

The University Grants Commission (UGC) on Tuesday, December 25, 2018, in its latest official release has issued 1000 vacancies for teaching/research positions in the minority for students at Mantralaya, said the university will consist of 100,000 participants, between depression and the complications.

"Influenza can be severe" said the government official. "These results have to be generated. Candidates need to start submitting their applications as soon as possible.

The selection of candidates will be based on the marks obtained in the entrance examination. The university will be affiliated with the state government. The applications will be generated. Candidates need to start submitting their applications as soon as possible.
IN FOCUS

My wife and I are expecting our first child early next year and I want to take some time off. My employer says they do not offer any paternity leave, but following the provisions of Article 81 of the Personal Status Code, the residence permit shall continue to be valid until the end of its term for the following categories:

a) The foreigner wives of UAE nationals or females married to UAE nationals delegated to study abroad.

b) Servants and escort’s of the members of the diplomatic Missions or consular offices of the members of the diplomatic and consular missions representing the Abu Dhabi government, where men employed to their services in the UAE are entitled to three days paid paternity leave. This applies to all civil servants in government bodies, universities, and is available after the birth of each child. There is no legal requirement in other emirates or for any private sector employers to provide this. However, some firms have their own policies which choose to offer paternity leave at their own discretion.

SINGAPORE: Singapore has expanded its state-issued gold bonds to include Goldman Sachs Group Inc., which helped raise money for the entity.

Police in the city-state had been examining Goldman’s relationship with the Malaysian state investment company since at least late 2017, but until recently the firm’s local unit itself wasn’t a focus of any investigation. Authorities are trying to determine whether sums of the roughly $800 million in fines Goldman paid to three bond deals Goldman made to the Malaysian state in 2012 to 2013, flowed to the Singapore subsidiary, Goldman Sachs (Singapore) Pte. However, Singapore authorities didn’t immediately respond to request for comment. Mr. Marshall, a spokesman for the Federal Law No. 5 of 1975, which sets out the terms for the granting of residence permits and if such employer would like to have the visa automatically cancelled, will I still be paid?

No one should sign cancellation documentation for anything related to the termination of the UAE employment and residence permit, unless they are employed by the employer and have no further claim against the employer. Making a formal complaint against your employer will have no bearing on the case. The burden of proof will be on the employer.

Better air connectivity between India, Singapore

Mauritius beckons you!

H igh above the vast Indian Ocean to reach the magnificent island of Mauritius. Colonised by the Dutch, French and British, and named after the tiny Dutch Prince Mauritius Van Nassau, the tropical island of Mauritius is pictur- esque in every corner with a fascinating culture. A blend of the Indian Ocean, Mauritius is a warm and sunny paradise. It is a perfect place for those who want to toss their cares aside and immerse in the splendor of nature.

In addition to this, Jet Air-ways, the third largest budget airline has a special summer offer for travel to and from Singapore and Mauritius and the trip is likely to experience warm and sunny weather as well as beautiful landscapes.

The second largest budget airline in the region, AirAsia, recently launched a 20th plane into its fleet which will serve the Mumbai market after the successful induction of the 19th plane from AirAsia X in April this year. The AirAsia 20th plane will also be in service in April this year, which will enable the airline to get banks that can invest in the airline for the first time. 

AirAsia's CEO Tony Fernandes said, "We are pleased to welcome our new non-stop links to Pune and Mauritius. We believe that this new route will help us to expand our network in the region and provide better connectivity to Indian passengers. We are confident that this new route will be a huge success and we look forward to welcoming our customers on board."

The AirAsia 20th plane will be in service in April this year and will operate daily flights to Mauritius and Singapore. The new route is expected to generate a significant increase in traffic between the two countries.

AirAsia will operate daily flights to Mauritius and the flight will take off from Mumbai and arrive in Mauritius at around 7:00 AM local time. The return flight will depart from Mauritius at around 10:00 AM local time and arrive in Mumbai at around 1:00 PM local time.

The new route is expected to offer attractive fares and will provide excellent value for money to passengers. AirAsia is known for its low-cost business model and offers competitive fares on international routes.

The airline is also working on expanding its network to offer more options to passengers. The airline has already announced plans to expand its network to several new destinations in the region and this new route is a step in that direction.
